📍 Salt Lake City, UT

OVERVIEW

I am a full-stack web developer with experience in React and Node. My interest in problem solving and creativity led me to web development. I bring a growth mindset and strong communication skills, in addition to my experience in education and event coordination which allows me to help others grow and manage complex projects.

WORK EXPERIENCE

K-12 Community Outreach Coordinator / Confucius Institute, University of Utah

2019 - Present

- Plan and manage educational and cultural events of diverse content – summer camps, performance, academic talk, teacher training and etc.
- Plan and implement event promotion, often bilingual, utilizing personal and professional connections, social media, community-specific channels;
- Understand and coordinate the complex needs of different events, from a dozen attendees to a few hundred, from one-day events to multi-day events, one-site to multi-site, including adults and minors, and people of different linguistic and cultural backgrounds;
- Delegate event aspects to a team up to 10 people;
- Lead decision-making process by gathering information from collaborators and writing up proposals;
- Attentive to the value of staying under the annual budget of $220,000.

Chinese Immersion Teacher / Alpine, Granite District, UT

2015 - 2019

- Developed an accountable and rewarding learning environment;
- Engaged parents to support student learning needs by regular contact.
